

Child Protection Policy Statement

The Board of Trustees of Liceo Campo Verde School has adopted a Child Protection Policy designed to guide our faculty, administrative staff, and families in all matters related to the health, safety, and comprehensive care of the children and young people who make up our educational community.

This policy entrusts us with the responsibility of sending this communication at the beginning of each school year. Through this letter, we not only fulfill our institutional obligations, but also reaffirm our commitment to maintaining an ongoing dialogue regarding this fundamental pillar of our educational project.

The Child Protection Policy at Liceo Campo Verde is grounded in international law and the United Nations Convention on the Rights of the Child—to which Ecuador is a signatory—as well as current national legislation, specifically the Code on Children and Adolescents.

We place special emphasis on two key articles from the United Nations Convention on the Rights of the Child, which we would like to bring to your attention:

“Article 19 – Protection from abuse and neglect:

States Parties shall take all appropriate legislative, administrative, social and educational measures to protect the child from all forms of physical or mental violence, injury or abuse, neglect or negligent treatment, maltreatment or exploitation, including sexual abuse, while in the care of parent(s), legal guardian(s) or any other person who has the care of the child.”

“Article 34 – Sexual exploitation:

States Parties undertake to protect the child from all forms of sexual exploitation and sexual abuse, including prostitution and involvement in pornographic performances or materials.”

By becoming part of the Liceo Campo Verde family, you agree to collaborate actively with the institution and abide by the policies adopted by the board. We deeply value our partnership with each of you to guarantee a safe and protective environment. For this reason, Liceo Campo Verde School has established this policy to define the standards ensuring that all our students are treated with respect, empathy, and dignity at all times.

As part of our comprehensive educational programs, and in fulfillment of our shared responsibility to educate and maintain a safe space for learning, Liceo Campo Verde School will carry out the following actions:

1. Deliver age-appropriate educational lessons at every developmental stage to help students strengthen their understanding of personal safety, as well as their needs and rights.
2. Host workshops and informational sessions for parents to deepen understanding and implementation of our well-being and protection policies.
3. Provide annual training for teaching, administrative, and support staff, as well as families, on early identification, prevention, and reporting protocols for cases of abuse or neglect.

Let us work hand in hand, from both home and school, to ensure that our children and adolescents grow and learn free from fear, in a harmonious and enriching environment. We invite you to guide your children in understanding their rights and responsibilities, both individually and in their interactions with others.

We appreciate your continued trust and support of our educational mission. Should you have any specific questions regarding this matter, please feel free to reach out to the Student Counseling Department (DECE) or the School Directorship.
